- **be/get/keep in contact with sb** *We have been in contact with similar organizations in several countries.*
- **establish/make contact with sb** *Experience has taught me the best way to make a good first impression is to make contact with as many people in the organization as you can.*

contact between sb (and sb) The first contact between contracting parties will

- contact between sb (and others) ... normally be the sending out of a price list or catalogue.
- contact details/information/number The HR department keeps the contact details of all members of staff.
- in close/direct/regular contact with sb 44% of his working time is spent in direct contact with clients.
- Under the new code, shareholders will have a senior non-executive director, aside from the chairman, who will act as their point of contact on the board.
